

## Yes, I Can - FUN ACTIVITIES FOR THE HOME

### Fingerplays and Movement Poems

Historically, fingerplays are passed down through the generations. Think about the fingerplays that you grew up with as a child. Think of the emotions of comfort and fun from that time long ago. Spend time each week sharing some of those fingerplays with your child. This will help your child to develop necessary language skills critical to their literacy development.

### Promoting Self-Esteem

For children to gain a healthy sense of who they are, they need to know that they are unique and that they can do whatever they set their mind to. When your child does something unique or special, tell her, "*Samantha, you are unique! You can \_\_\_\_\_!*" Also, help your child understand what it means to have goals and to accomplish them with pride.
